# Ferran Rizo

*"Ferran & Nataly Rizo came highly recommended to me by Juan Tamariz and when I saw their lecture I could see why. They are a highly skilled and very likeable couple and have some wonderful routines and effects for members of all skill levels. I would recommend them for any club night!"*

**Steve Gore**

*"When writing this quote about Ferràn, two words manifested: Classy & Gentleman. Ferràn brings a gentle classiness to his appearance and you can feel it in his presentation of magic. Ferràn will fool you with his creations (keep an eye out for his magic with a simple card box!) and you will enjoy how effortless his performances appear!"*

**Jim Krenz**

*"Our new season started in fine style thanks to the enjoyable and instructive lecture delivered by Ferran Rizo and Nataly Machado, a charming Spanish couple who individually provided some splendid magic of wide appeal, with Ferran presenting the first half and vivacious Nataly the second half of a memorable evening. We hope to welcome them again in the future"*

**Eddie Dawes, President of Hull Magicians' Circle**

*The Rizo duo, the husband and wife team of Ferràn and Nataly, love their magic, as anyone watching their lecture could tell. They never stopped smiling and laughing as they showed off some clever variations of classics, their own card-to-box and some easy to make gimmicks. It would be hard not to like them. Ferràn is an elegant performer and has given thought to his own development of effects. Ferràn is an expert manipulator and it looked a treat... The lecture is just to watch and admire*

**Charlie Burgess Magic Circle Columnist & Media Adviser**

*"If I only had one word to define Ferràn's magic would be "elegance". Elegance in his handling, in his tricks, in his mise-enscène, and the way in which he relates with his audience. Even his sense of humor is elegant. If we add to this, his rough experience and his first rate magic, we have a great magician from head to toe"*

**Alberto de Figueiredo, Magic Castle & Penguin Lecturer**

*"Ferran & Nataly's lecture was a joy to watch two people both enjoying what they do. Great ideas & tricks put over with expertise. I would 100% recommend their lecture to any society looking for something different"*

**Paul Scott, President of Cornish Magical Society**

*"Ferràn is able to communicate a conception of magic based on thoroughness in detail, in the ease and in the handling when he performs a trick. He has psychological strategy that never miss the reactions of spectators. His lectures, will be of great interest to amateurs but also to professional magicians, because they will have access to some of his tricks, taken from his professional repertoire. Tricks, the he improved, thanks to the analysis, to the practice, and thanks to the relation with his audience. I associate his magic with Frakson, the master whom Ferràn is writing a book about"*

**Ramón Mayrata, Spanish Magic Historian**

*"Ferràn is in love with magic, and of the masters of the past. His magic culture is based on a wide knowledge of the classic magic effects, its style, its essence, its techniques and its aesthetic. Everytime I see Ferràn, perform magic I cannot help thinking that he is the result of a visceral passion for the fine magic of the great magicians of the past, the result of his natural own talents and a vast experience as a performer. So, we must celebrate that he decided to share his magic secrets with the magic community. Madame et Monsieur... FerrànRizo"*

**Ricardo Rodriguez, Spanish Magician Teacher of Tamariz School**

## BAD MEMORY

This is a very nice and powerful effect for the audience. Ferràn explain to the audience that he has such a very bad memory, that when a card is turn face-down his mind goes blank and couldn't remember its name. He offers a small demonstration, taking a couple of cards and turning them face-down, when turning face-up again they have a blank face. This simple plot, is the perfect justification to a routine in which all the faces of the cards became blank gradually. An original and visual routine

## THE BUTTON CARD

The Button Card is a quite new effect of Ferràn repertoire. And the plot is very easy as he likes. A signed card is lost in the deck. The deck is thrown towards the magician provoking all the cards fall into the mat and floor. All, except one that seems to be sewed to magician's vest button. The card has to be half torn, to be able to remove from it. When show, it is the selected one. A very easy to do effect that works with any coat or vest

## THE DRAWER'S DREAM

This is an artistic trick performed with music. The magicians take a pencil, draw a coin in the palm of his hand and when open, a real coin is in there. This is repeated two more times making appear three coins. Then the coins are placed on the palm of the hand, then rubbed with the pencil's eraser and one by one disappear

## THE FEATHER

This is an effect that Ferran, normally perform with business cards when meet a new contact and want to impress him. He shows a stack of business cards and invite a spectator to take one and draw a feather on the back. After missing the business card in the stack, Ferràn claims that *"...is very easy to find it. As it is a feather if you put some air under the stack the feather will flow out of the deck..."* And this is what happens, the cards move out of the deck in full of view. To finish, he takes the business card with the draw and make a tube with it. After blowing again on it, from the tube emerge a fountain of real feathers. When unfolding the tube, there is no trace of the drawn feather. Soon, Ferràn discovered that is a trick that work very, very well not for promotional purposes but for every occasion as audiences loves it

## THE MINI DECK

The Mini Deck is one of the most Ferràn Rizo iconic tricks, a terrible visual effect that worth two as with this effect you will be able to made shrink the card case but also the complete deck. Both effects can be done full of view. Powerful and visual magic for any occasion

## NATON

NATON effect is like a dream where impossible becomes possible. A draw becomes real and then transform into a draw. Imagine, the magician shows a pad clamming that inside is written a prediction. Spectator chose one card and leaves face-down on the table. When the magician opens the pad a face-down card is seen. Spectator turns his card for first time face-up. Then, the magician snaps his fingers and the draw card becomes visually a real card that can be taken and hand to audience. After showing it, magician stick into the pad, but this time face-up. When snapping its fingers, the card becomes again a draw, but this time face-up!!!! To finish the magician tear the page with the draw and hand to spectator as a souvenir!!! Amazing, isn't??

**NOTE ABOUT THE MENU.** *More dishes can be added to the lecture just if the club members have an increased appetite and time to enjoy them. Everything, for the same price of the menu*
